# REFINING & SHIPPING OF

## ELECTROLYTIC FLAKE -

Refining Charge.....	\$0.75 per Troy Ounce received + 5% of received Troy Ounces OR \$50.00 Minimum
Metal Accountability.....	98%
Settlement Time .....	45 days from receipt
Silver Spot Prices.....	Comex Market Price on day of refining
Shipping Address .....	<b>USI Refining Service</b> 5 Commerce Drive Aston, PA 19014

**Example:** (Based on \$12.00/T.O. Silver Spot Price)

You have 320 unrefined T.O. of Flake

300 Refined T.O. (assuming it yields 94% pure) x 98% = 294 Fine T.O.

(320 T.O. x 75¢ = **\$240.00**) + {(294 T.O. x \$12.00 = \$3,528.00) x 5% = **\$176.40**}

\$240.00 + \$176.40 = **\$416.40 Total Refining Charge**

(294 T.O. x \$12.00) - \$416.40 Total Refining Charge = **\$3,111.60 net return**

### Shipping Instructions:

Please **drain and dry flake completely**. If flake is not drained and any liquid is present, it could be considered hazardous waste. You may ship items for refining using the carrier of your choice. USI suggests that you insure the shipment based on your estimated value, which can be calculated using weights. Please include a packing slip with the shipment containing the following information: Company Name, address, contact person with phone number, the type of units being sent with their serial numbers, and the shipping tracking number. Please FAX a copy of the packing slip to 1-262-334-6222.

USI recommends that your operation/location complies with all local, state and federal laws governing the shipping, refining and disposal of Recyclable Materials and Hazardous Waste.

---

## SILVER RECOVERY CANISTERS & CARTRIDGES -

**\*\*Please choose which of the 2 programs best suits your refining needs\*\***

### PROGRAM #1: No Return/No Disposal Fee Refining -

(For accounts who process less than 5 gallons per month)

To avoid minimum refining charges, low grade or low value environmental tailing canisters and cartridges may be sent for **disposal only** directly to:

**USI Refining Service**  
5 Commerce Drive  
Aston, PA 19014

Please declare "**NO FEE OR RETURN REQUESTED**" on the packing slip.

(Program #1 Continued on Page 3)

**\*\*Energy Surcharges may be applied as the market demands. Pricing is subject to change without notice.\*\***

# SILVER RECLAMATION UNITS

## Program #1: No Return/No Disposal Fee Refining - *(Continued from Page 2)* *(For accounts who process less than 5 gallons per month)*

### Shipping Instructions:

Please **drain and dry units completely**. If units are not drained and any liquid is present, they could be considered hazardous waste. You may ship items for refining using the carrier of your choice. Please include a packing slip with the shipment containing the following information: Company Name, address, contact person with phone number, and the type of units being sent with their serial numbers.

USI recommends that your operation/location complies with all local, state and federal laws governing the shipping, refining and disposal of Recyclable Materials and Hazardous Waste.

## PROGRAM #2: Standard Return Refining -

Refining Charge .....	\$66.00 per Steel Wool Bucket, Iron Mesh Unit or Column OR 35%, <b>whichever is greater</b>
Metal Accountability .....	98% of Refined Troy Ounces
Settlement Time .....	45 days from receipt
Silver Spot Price .....	Comex Market Price on day of refining

### Example #1 *(Based on \$12.00/T.O. Silver Price)*

2 Silver Trap Windows that yield 10 Refined T.O.

$(10 \text{ T.O.} \times 98\%) \times \$12.00 = \mathbf{\$117.60}$  Gross Return

$\$117.60 - \$132.00$  (Min. refining charge for 2 units) = **Balance Due: \$14.40 for Refining Charge**

### Example #2 *(Based on \$12.00/T.O. Silver Price)*

2 Silver Trap Windows that yield 30 Refined T.O.

$(30 \text{ T.O.} \times 98\%) \times \$12.00 = \mathbf{\$352.80}$  Gross Return

$\$352.80 \times 35\% = \$123.48 - \mathbf{\$132.00}$  Refining Charge (Min. refining charge for 2 units)

$\$352.80 - \$132.00 = \mathbf{\$220.80}$  Net Return

Shipping Address ..... **USI Refining Service**

5 Commerce Drive

Aston, PA 19014

## EPAN CHAMBER -

Due to the EPAN's ability to retain minute amounts of metallic silver and other metals, **the EPAN Chamber is required to be recycled for disposal when container becomes filled with sediment deposits.**

To recycle your **EPAN Chamber**, drain liquid from unit, fill with cat litter or sawdust to absorb remaining loose liquids, and cap all inlets and outlets with caps provided.

**Disposal Charge** ..... \$50.00 per unit  
(Payment or prepaid Certificate Label MUST be enclosed with unit)

**Shipping Address** ..... **USI Refining Service**  
5 Commerce Drive  
Aston, PA 19014
